

Video Surveillance

The Board believes that the use of video taping equipment can make positive contributions to the health, safety, and welfare of all students, staff, and visitors to the District, as well as safeguard District facilities and equipment. Having carefully weighed and balanced the rights of privacy of students, staff, and visitors against the District's goal of ensuring the safety of every student, employee, and visitor while they are on District property and also the goal of safeguarding District facilities and equipment, the Board hereby authorizes the use of video cameras on District property as follows:

Video surveillance shall be used to promote order, to maintain the security, health, welfare, and safety of all staff, students, and visitors on District property, and to safeguard District facilities and equipment.

The District shall notify staff and students through student/parent and staff handbooks that video surveillance may occur on District property. Additionally, notices shall be posted on or about School District property alerting those on District property that the District is utilizing video surveillance.

The District shall comply with all applicable State and federal laws related to record maintenance and retention. Video tapes that are records of student and/or staff behavior shall be secured in a locked file until the tapes are either reused or erased. The video tape shall be considered a student and/or staff record and shall be subject to current law for the release of student record information and/or personnel record.

Video surveillance may be used for investigations of criminal activity by appropriate law enforcement agencies and may be used by the District to investigate violations of District policy.

Students or staff in violation of Board policies, administrative regulations, building rules, or law shall be subject to appropriate disciplinary action. Others may be referred to law enforcement agencies.

Video cameras may be installed in public locations as deemed appropriate by the Superintendent, and shall not be installed in areas with a reasonable expectation of privacy.
